In 1968, in the town of Knutsford, Cheshire, our founder, Eric Terry, helped a local family who were struggling to get their mother upstairs.

He achieved this by designing the very first hand wound domestic lift. His invention became the talk of the community and word soon spread both at home and abroad.

Over 50 years and more than 20,000 lifts later, the committed people at Terry Lifts continue to listen to the needs of their customers who are embracing life's challenges. Their designers, engineers and craftspeople produce lifts for every need and every situation, domestic, public access, in the UK and for export markets.

The Lifestyle Lift is an exceptional example of British engineering, designed for comfort, quietness and your convenience. Still handmade in our Cheshire factory using only materials of the finest quality, it enhances properties of any size and style with its chic design and elegant lighting.

Terry Lifts ensures that all their products comply with the relevant safety standards. Our skilled team finish the Lifestyle Lift with amazing bespoke touches ready for delivery and installation into your property.

This is what makes a Lifestyle Lift so exclusively different.

MAKE LIFE *easy*

Our stylish Terry Lifestyle Lift has been designed by our team of experts to make your life easier.

Created specially for the home, it is elegant and compact and will fit neatly into rooms of all sizes, practically anywhere you choose. It can even be custom made to suit your décor.

The Terry Lifestyle Lift will future proof your home so you don't have to worry about the emotional stress and upheaval of moving house if the stairs become too much.

WHY THE LIFESTYLE LIFT WILL MAKE YOUR LIFE A BREEZE?

- ✓ Preserve your independence in your own home
- ✓ Affordable, stylish and unobtrusive
- ✓ Quick, no mess, no fuss installation
- ✓ 'Quiet Glide' system for the smoothest, most comfortable travel
- ✓ Spacious cabin for one or two people
- ✓ Simple to operate
- ✓ Customised to your style

quality COMES AS STANDARD

Tasteful and elegant, enjoy these premium features with your Lifestyle Lift.

A stylish white exterior and impressive interior cabin

Silver centre console

Controllable dimmed ceiling downlighting

Straight stainless steel hand rail

Easy to use lift controls

Wireless landing controls

Fire seals for **both** lower and upper floor lift use

MAXIMISE YOUR LIVING *space*

Neatly tucked away, non-intrusive guides on the lower and upper floor give you full unobstructed access to your living space.

Winner 2015

Interesting Lifestyle Lift facts

To ensure the quality and reliability of every lift we manufacture, the door locks, printed circuit boards, hydraulic pumps and rams are rigorously tested in-house before they leave our factory.

The lift is fitted with toughened and laminated glass, not cheap plastic.

The lift uses Terry Group designed bespoke electronic control systems.

Each lift is fully tested when the installation is complete, following which, a test certificate is issued, which supports the 2-year warranty.

MAKE IT *yours*

No need to redecorate. Your Terry Lifestyle Lift can be tailor made to suit your tastes and your home.

Choose from our range of colours and finishes to create the perfect lift for you.

PEACE OF *mind*

At Terry Lifts, we have combined luxury with the latest technology, making our new Lifestyle a top of the range lift of the highest quality.

Safety First

Your safety is our primary concern. It is important that you feel safe and secure when you are using your Lifestyle Lift.

- ✓ Fire protection between the upper and lower floors, whether the lift is parked upstairs or downstairs, to the requirements of BS5900: 2012

- ✓ Should a power outage occur at your property whilst the Lifestyle Lift is in use, the manual lowering system and battery backup will return you safely to the ground floor. The system can be operated from inside and outside the cabin, allowing lone occupants to use the lift in complete confidence
- ✓ A load capacity of 250kg (39 stone)
- ✓ Certificated to EU Machinery Directive for a lift travel above 3 metres
- ✓ 2-year warranty including two service visits
- ✓ We have a dedicated aftercare support team to assist you with using your lift

Pressure sensitive safety surfaces stop the lift if obstructed from above or below

KEY *dimensions*

Slim and stylish, the Terry Lifestyle Lift has a small footprint and will fit discreetly almost anywhere in your home.

FREQUENTLY ASKED *questions*

Is it possible to get stuck in a Lifestyle Lift when I am on my own? No. If there is a power cut at your property, then the battery backup and the manual lowering system operated from inside or outside the lift cabin will enable you to travel down to the ground floor. In addition, we recommend installing a telephone inside the lift.

Can I use my wheelchair in a Lifestyle Lift? No, however, we have designed the Harmony and Harmony FE lifts in collaboration with our customers to meet the requirements of a wheelchair user and an attendant person. The wheelchair lifts are pictured on the back of this brochure.

Does Terry Lifts manage the building work? Yes, we can complete all building work or alternatively, we can forward on the Specification Guide to your builder. The choice is yours. Normally, no major structural work is required.

Why do you use a hydraulic lift pump? The hydraulic pump powers the 'Quiet Glide System' providing very smooth, vibration free travel. Such a smooth ride would not be possible with a rope drive.

How much space does a Lifestyle Lift take? The footprint of the Lifestyle Lift is smaller than that of a typical armchair. Please refer to size diagram above.

Is the Lifestyle Lift safe in the event of a fire? It is fire and smoke test certificated by an approved and accredited test laboratory, together with Notified Body certification concerning compliance with BS5900:2012 in relation to through floor lifts. This covers fire safety for the Lifestyle Lift in both the lower and upper position.

I plan to keep my lift for a very long time, will Terry Lifts service and care for my lift? Yes. A two year warranty including two services comes as standard. This can be extended up to 5 years. You can call our aftercare service team to discuss the options available, along with the costs.

Can installing a Lifestyle Lift be cheaper than moving home? Yes, almost certainly. We are often told by our customers that it was cheaper and less stressful than moving home. Call 0330 053 6779 for a free no obligation quote to help you decide.

Lifestyle Home Lift

If you haven't previously considered a home lift, speak directly to the manufacturer and join the many customers who are experiencing the convenience and reliability of a Terry Lift. Call **0330 053 6779** to ask any question, or to arrange a consultation.
